

## Reporting for P11D and NIC

It is a legal requirement in the UK to report annually to HM Revenue and Customs particulars of expenses payments, benefits and facilities made to employees earning over £8,500 pa and Directors.

A P11D return setting out the details for each person must be returned to HMRC by a deadline date. It is possible that tax and national insurance (NIC) may be payable on the particulars identified. Information is available from the HMRC web site.

**In conjunction with a partner accountant/advisor** the system allows for the ongoing recording of information relevant to preparing a P11D Return. A few minutes spent setting up employees in advance is well spent.

**We strongly recommend that appropriate advice is sought when dealing with these returns.**

### Setting up to Collect Information

Your partner accountant/advisor will have allocated to expense accounts the nature of the impact that P11D or NIC will have

P11D recording is activated via the **Optional Features** tab, under the **Profile**.

**ENTITY NAME → PROFILE → OPTIONAL FEATURES**

Activate P11D recording by checking **Allow P11D recording?**

Ensure that the necessary employee's or Directors are set up; see **Setting up Officers & Employees** user guide

**LISTS → OFFICERS/EMPLOYEES → ADD NEW**

### Capturing Information at the Transaction Point

When an expense transaction is being entered, the **Analysis Tab** will present a drop down box, **Employee for P11D purposes**, from which the relevant employee/director is selected.

Note that if the **Prompt for Analysis** box (set in **Profile**) is ticked then when transactions are entered which require analysis to branches, IR35 or P11D reporting; the analysis tab is presented first by default so that the required analysis is not forgotten.

Usual transactions in which P11D data capture could be expected are:

- ◆ Expense Claim
- ◆ Mileage Claim
- ◆ Cash Expenses
- ◆ Bill Payment
- ◆ Cheque Payment
- ◆ Debit/Credit Card Payment
- ◆ Electronic Payments

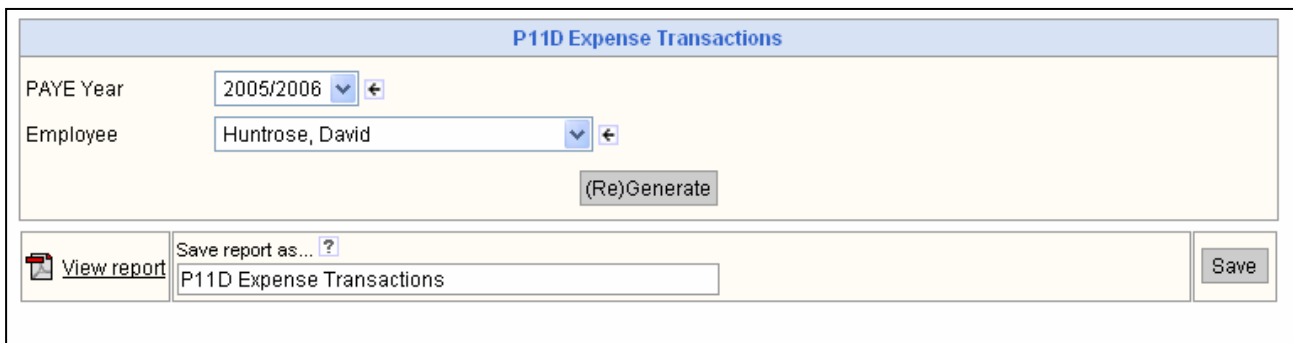

## Accessing Reports

Reports for both P11D and NIC transactions by employee are available via the **REPORTS** menu.

**REPORTS → TRANSACTION → P11D EXPENSE TRANSACTIONS OR**

**REPORTS → TRANSACTION → NIC EXPENSE TRANSACTIONS**

Select the appropriate tax year and relevant employee from the dropdowns

The screenshot shows a web interface for generating a P11D Expense Transactions report. At the top, there is a header "P11D Expense Transactions". Below this, there are two dropdown menus: "PAYE Year" set to "2005/2006" and "Employee" set to "Huntrose, David". To the right of the "Employee" dropdown is a "(Re)Generate" button. At the bottom, there is a "View report" button with a document icon, a "Save report as..." field containing "P11D Expense Transactions", and a "Save" button.

The elements of the report, which is in pdf format, will be dependent on how your partner accountant/advisor has set up the expense accounts.
